

This is a first draft. If you have a problem, please email me for clarification.

Origami Elephant

- 1) fold and unfold lengthwise
- 2) both corners to center
- 3) fold corners again to center
- 4) fold in half

- 5) fold top of bill in half
note: the point is underneath

- 6) fold top layer in half, flip, unfold 4

The upper figure is looking at the edge of the bill

- 7) insert fold 4

- 8) unfold top of bill

- 9) fold 2 top flaps of bill

- 10) fold and unfold (to vertical) all 4 corners
- 11) refold as shown (see hidden folds)

- 12) fold trunk back

- 13) fold forward

- 14) mountain fold lengthwise

- 15) fold flaps in leaving a tail
- 16) fold trunk in forming ears

- 17) reverse fold trunk down

Due to printing variations in the dollar, the ear folds may have to be adjusted for the eye to display properly.

- 18) reverse fold trunk up

- 19) reverse fold trunk back,
- 20) dent rump with finger nail
